

# NEWS OF GRATTON, ACCIDENT-ALLY SHOT.

Gratton, Va., Dec. 9.  
(Unavoidably left out last week.)  
John Henry Yost was home Sunday and said they had a big fire in Keystone Saturday night, destroying one whole block. The fire started at 7 p. m. and were not able to get it under control until 12 o'clock.  
Rev. W. C. Thompson, Bristol, Va., former pastor of Burke's Garden circuit, was called to Tazewell last week to bury Mr. Scott, Thompson Valley, by request of deceased before he left this work. Bro. Thompson still finds a warm welcome here among his people.  
Charles Jones who has been on the sick list for a week or so, is now able to be out again.  
The little son of Mrs. Mary Neidermaier Bird has been real sick with pneumonia, is improving now.  
Last Sunday morning Mrs. Ber Hoops and her son Dock, were scuffling over a gun when it went off and shot Mrs. Hoops through the stomach. She was taken to Bluefield on Monday night, and last report was favorable, think she will recover now.

## IN REMEMBRANCE OF EDDIE B. GRAHAM.

Eddie B. Graham, son of W. R. Graham, was born in Tazewell County, February 1904. When he was summoned from the scenes of earth on October 10th, 1920 he had only a few months of having lived 17 years. Thus did a shadow fall suddenly across a happy home, and there was taken away a bright son and brother.

His life in the community was spent worthily. He was liked by all who knew him, and he was especially devoted to his home.

For two years I had the pleasure of teaching this intelligent boy, and I have never known a boy more interested in his school work and more devoted to his class mates than he was. He was always willing to take his part in anything he was asked to do. He was obedient, polite, and always cheerful, and in this way made many friends.

We wonder why he was taken at such an early age, and so suddenly, with out a minutes warning? But in the midst of life we are in death.

The floral tributes were beautiful at his burial and told of the love of distant friends, while the crowd which gathered to witness the last scene, bore testimony of the high esteem in which he was held by all who knew him.

After appropriate services were held by the pastor, the pall bearers gently bore the body away from that home he loved so well.

Nature had donned her robes of beauty, when the tender sod was broken at the place selected upon the sun kissed hill and under the sod of Mother earth he sleeps in peace until the angels of God awake him on that eternal day.

Resolved: That his class extend to the bereaved family our heart felt sympathy, and that we commend them to Him that does all things for the best.

DAISY BURNETTE.

"WELL, OLD MAN, HOW ARE YOU?"

If Your Blood Is Rich and Red You Say, "Fine"

ENTHUSIASM IS RED-BLOODED  
Try Pepto-Mangan if You Feel Weak and Look Pale

Sometimes you are almost down and out. You know you are not really sick, but you have a pestered-out feeling. You eat little. You drag along. In the morning you look at your face in the mirror. You feel years older when you see how pale and haggard you are.

It is your blood. It needs red corpuscles. Instead of poking along half sick, why don't you try taking Pepto-Mangan, the blood tonic? It has just the ingredients weak blood needs. With red blood your energy and enthusiasm return. You eat better, you tackle work and achieve.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. It is sold in both liquid and tablet form. The medicinal properties are identical.

Sold at any drug store. But be sure to get the genuine Pepto-Mangan—"Gude's." Ask for it by the name and be sure the full name, "Gude's Pepto-Mangan," is on the package.—Advertisement.

## GET MORE BUTTER.

Mrs. Hattie Meece of Glenn, Missouri, says: "I was not making enough butter from my cow's milk production for a family of two. After using Dr. LeGear's stock powders a short time, she gave a half gallon more milk a day, and a pound of butter a day."

Dr. LeGear's Stock Powders give to milk cows just what is needed to keep the digestive organs in proper condition, so that they get the most possible good from their feed. Give equally wonderful results when used for horses, hogs, and sheep, because they are a tonic, appetizer and worm expeller.

It matters not what ailment you may have among your stock or poultry, it will pay you to get the proper Dr. LeGear's Remedy from your dealer. They are the Doctor's personal prescriptions, compounded during his 28 years of Veterinary Practice and Expert Poultry Breeding. They must satisfy you, or your dealer will refund your money.

**For Indigestion, Inactive Liver, Constipation**  
Know what you take. Names of principal ingredients of Laxated Pepsin Tablets are printed on each package. They are recommended by Druggists and Doctors. Sold by all Drug Stores.

# IT'S GRANDEST THING IN WORLD

Gained Ten Pounds And Is Full Of Life and Energy Since Taking Tanlac.

"It was only three weeks ago that I began taking Tanlac and already have gained ten pounds and am now doing my housework for the first time in over a year," said Mrs. Florence Krause, 419 South Shelby St., Louisville, Ky., in conversation with a Tanlac representative recently.

"I had been a sufferer from stomach trouble for several years and last year I got so bad off I had to have an operation and it left me in a worse condition than ever. My nerves were so badly unstrung that any sudden noise would make me scream out and become almost hysterical. My stomach was up set, my appetite was the poorest it had ever been and I could not retain the little I did eat. I suffered terribly from nausea and had smothering spells so bad they would have to loosen my clothes and I would just have to gasp to keep breathing. My sleep was always restless and I had awful spells of neuralgia in my head. I was so weak to do any of my house-work, felt tired and fagged out all the time and lost nearly all interest in life.

"One of my neighbors told me about Tanlac and I always will be thankful I took her advice and started taking it. Tanlac is the grandest medicine on earth, for I have taken only three bottles and already I am feeling better and stronger than I have in many years. I can hardly eat enough to satisfy my appetite, nothing ever hurts me and I am no longer bothered with those smothering spells. I have not had a sign of neuralgia since I began taking Tanlac and my nerves are just as steady and strong as ever in my life. My sleep is sound and refreshing and life is now worth living. Tanlac has given me health, strength and happiness, and I am glad to tell others in the hopes that they, too may be benefited by this wonderful medicine."

Tanlac is sold in Tazewell by John E. Jackson, in Richlands by Richards Pharmacy, in Graham by Graham Pharmacy, in Pocahontas by Citizens Drug Co., at Bowling, Tazewell, R. F. D., by J. S. Puckett.

## WHAT GERMANY HAS PAID BELGIUM.

While Germany has fulfilled certain of her war-obligations toward Belgium, "she still has a lot of work to make up," writes Mr. R. H. She. She told from Brussels to the New York Evening Post. Since the righting of the material wrong done to Belgium is a cardinal point in the Peace Treaty, it is interesting to note the extent to which this has so far been accomplished. All together, we read, Germany has made restitution of money and materials amounting to \$880,000,000 under the armistice terms and \$28,000,000 under the Treaty of Versailles. Under the armistice convention Germany, we are reminded, had to restore certain railway rolling stock, industrial machinery, securities, and works of art taken out of the country during the occupation. Here appreciable restitutions have been effected, for, says Mr. Sheffield:

Under the armistice convention there already has been restored railway material valued at \$321,000,000 (I am calculating francs into dollars at par); Belgium money taken by the Germans, \$475,000,000; securities, \$40,000,000. Works of art have not been estimated; this would have required experts on values.

More than 83,000 tons of machinery have been restored; also about 16,000 tons of Belgian machinery taken by the Germans to France during the war have now been returned. The total value of this returned machinery is approximately \$40,000. Agricultural machinery restored is estimated at \$1,300,000. The total restitution effected under the armistice conditions is approximately \$900,000,000.

Under the Versailles Treaty Germany was forced to restore the equivalent of certain material and cattle and to make other miscellaneous deliveries to Belgium. So far she has made the following restitutions, according to the figures obtained by the Post correspondent from the Ministry of the Interior at Brussels. Cattle—67,661 oxen, 4,161 horses, 35,507 sheep, 8,285 goats, 33,911 poultry. The Minister of Agriculture estimates the value of this stock at about \$21,000,000.

Fuel—Coke, 201,721 tons; gas coal, 138,722 tons; domestic coal, 86,082 tons; lignite blocks, 49,123 tons. Total, 475,654 tons. Total value, \$7,000,000.

Dyestuffs—896 tons; value, \$630,000. Chemicals—Value, \$66,000. Oats and barley seed—Value, \$33,000.

Works of art of the Van Dyck brothers (panels of the polyptych of the "Mystic Lamb") and of Bouts ("Holy Supper" from Louvain), restored in compensation for works of art destroyed in Belgium. Not valued.

The only items that can be called revenue for the Belgian treasury are the coal, dyestuffs, and chemicals which have been sold to manufacturers and other consumers. Only some \$7,700,000 has thus found its way into the public treasury.

What Germany has still to hand over is enumerated as follows: First, all the Belgian industrial material that can be identified is to be returned.

Next, 25 per cent. of the German output of dyestuffs and chemicals up till the end of 1924 has to be turned over to all the Allies, and under the Spa Convention Belgium is entitled to a proportional part of 8 per cent. in the German payments.

Regular deliveries of fuel, cattle, and agricultural machinery, a portion of the fishing fleet, barges, etc., are also to be made by Germany to Belgium.

To recuperate the loss sustained by the destruction of Belgian cattle, machinery, and other necessary equipment of Belgium agriculture and industry, Germany has still to deliver some \$800,000,000 worth to make up some losses; but it must be borne in mind that any material offered in this connection by Germany may be refused by the Belgian Government on the ground of unsuitability or non-equivalence.

Belgium also enjoys a priority

claim on Germany for the payment in gold of two and a half billion francs (say, at par, some \$500,000,000). This money is not payable till May, 1921. So, up till now any reparations effected by Germany have been in kind, and therefore tended directly to develop the agricultural and industrial restoration of Belgium.

Seventy-five thousand individual claims for war-damages have been brought before the Belgian special compensation tribunals to date, the claims involved representing close on \$200,000,000.

## WHY THE MAIL'S LATE.

Between Burlington and the bandits, the mails seem to be in a bad way.

## GET INTO BUSINESS.

## Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions. All drug stores. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

## THE APPLE OF YOUR EYE

IF YOUR BOY has a bent toward farming, be sure that he has every chance to find it out. Don't let the distant rainbow tempt him away unless he is fitted only for the city.

Give him a personal interest in the farm life about him as he grows up. Let him own something. Put a plot of ground or some livestock in his care and see how keenly he responds.

Another wise thing to do is to entrust him with modern, labor-saving machines. We are ready to help you in this because we are Headquarters for the Full Line of International Farm Machines, including Titan tractors, Primrose cream separators, P & O plows, International engines, manure spreaders, feed grinders, corn shellers, etc. Machines like these are making farm life more interesting and more profitable. Stop in and see us about your farm equipment needs.

## BEAVER BOARD FOR BETTER WALLS & CEILINGS

Beaver Board the Dining Room and You'll Want it Throughout the House

One Beaver Board room in the house and you'll want more. For the new home, for remodeling or repairing the use of this knotless, crackless manufactured lumber will settle the question of walls and ceilings once and for all time.

Beaver Board is a product of the forests. From the pure fibres of the white spruce it is built up into large sturdy panels ready to be nailed to the studs of new buildings or directly over old cracked and papered walls. Taking the place of both lath and plaster gives economy.

Having an ideal surface for painting and decorating, which gives a final result as durable and lasting as the wood work, is more economy. The fact you will never have the wall and ceiling job to do again is "economy plus." Come and see us about Beaver Board now.
